¹ Wearing Plate armor causes a loss of 1 Agi for every AC above 8. This does not apply for Field Plate since you must wear it on horse back and have an Agi of 1.

² Spiked Plate is plate mail with small spikes protruding from the shoulders that deal 1d4 Dmg straight to target if you are running into the target. You must use a helmet with Spiked Plate.

³ Mirror Plate protects against Magic Dart and magical Fire attacks.
